MET AT A GLANCE

Mother Teresa Educational Trust (MET) was founded by Mr. P. RAMAR, a social activist with the vision to promote the deprived section of the community with the balanced Socio-Economic status, life security, self esteem and better health and nutrition status. MET was registered on 22nd April 2008 with 5 trustees in Virudhunagar district of Tamil Nadu.

We have been working from MET's inception since 2008 on child rights and development, education, environment, health and safety, rural livelihood and economic education. From the year 2008 to 2013, we have been working for the children education, rights awareness, environment education, Tree plantation, youth development activities such as coaching center for competitive exams, self employment programs, women development programs on awareness generation, employment generation programs such as tailoring, Palmyra based handicraft making etc. From 2014, MET started running 'Shelter for Homeless' with 90 residents jointly with Madurai corporation with the support of National Urban Livelihood Mission, NULM, GoI. The shelter provides accommodation, food and tea for 3 times, protected water, better cloths, medical services, yoga, entertainment facilities and security services for the destitute urban poor.

We also have our own nursery garden maintained by the residence of Shelter for Homeless' as their hobby and supplying tree plants at free of cost for the visitors, local donors/sponsors, well wishers and school and college students. This nursery bridges the local supporters with the shelter residence and also support for green cover. We have been supporting poor children providing basic educational aids, women street vendors of Madurai city by providing livelihood aids such as umbrella, stand and cart, Visually impaired by providing basic livelihood aids and other differently abled by providing basic welfare aids as the regular activity every year. .

Currently with the support from CSR activities of 'Welspun Foundation for Health and Knowledge' (WFHK), we are conducting series of 1035 training /awareness program in 15 villages of Mayiladuthurai, Nagapattinam districts of Tamil Nadu state and Karaikal district of Puducherry State. The program covers the areas such as Education, Health, Livelihood and Road safety. The program is an initiative for the most deprived communities living along its operational area for sustainable development practices in future.

OUR SUPPORTERS:

- ✚ WELSPUN Foundation for Health and Knowledge, India
- ✚ National Urban Livelihood Mission, Government of India
- ✚ Nandri Kinderhilfe, Germany
- ✚ DASRA, USA
- ✚ TVS Arogya Welfare Trust, Madurai
- ✚ Individual Donors

ABOUT THE FOUNDER:

Mr. P. RAMAR was born and brought up from poor family belongs to lowest social strata living in a remote village. From his childhood he had suppressed and depressed due to poverty and various social phenomena. He has thirst to contribute for the socio economic development

by his best efforts. With his courage, coping tendency and confidence he had completed his 2 post graduates, bachelor of Education and bachelor degree in divinity. He loves children and enjoys helping others even he is struggling hard for his life needs. His personal concept is

helping the poor to fish their fish instead of giving fish. He concentrates on empowering the people than providing temporary welfare activities. His main strategy is to appeal the needs and problems to the people who are capable of supporting the poor and stream their

support directly to the community for their sustained development. He believes god and people and approaches the problem in a participatory mode keeping the people as the owner of the project.

VISION:

MET envisages Sustainable and holistic development among the marginalized poor and deprived communities through education, health & safety, livelihood and better environment.
